

PENNZOIL MOTORCYCLE PREMIUM PLUS 10W-40 ENGINE OIL

Synthetic Based 4 Stroke Motorcycle engine oil

TECHNICAL DATA SHEET

Made for the easy-riding highway lovers and the ramp-jumping adventure seekers, Pennzoil® Motorcycle Premium Plus 10W-40 engine oil is full synthetic 4-stroke product formulated to protect and prolong engine life while reducing deposits caused by dirt particles. The high-quality synthetic Pennzoil® Motorcycle 10W-40 is made with natural gas base oil, combined with a motorcycle-specific additive pack with properties that helps to cleanse and keep the engine clean.

Performance, Features & Benefits

- Reduce engine noise and vibration
- Optimize wet clutch performance
- Provide enhanced responsiveness and maximum acceleration on the road
- Protect in extreme heat and low-temp environments
- Create more efficient power delivery

Main Applications

- Pennzoil® Motorcycle Premium Plus meets the specifications of most American, European, and Japanese motorcycles including V-Twin, 4-stroke engines found in high-performance and race-tuned bikes.

Specifications, Approvals & Recommendations

- Suitable for use where API SN and JASO MA2 are recommended.

To find the right Pennzoil product for your vehicles and equipment, please consult www.pennzoil.com to look up the right motor oil recommendation using our oil selector.

Typical Physical Characteristics

Properties			Method	Pennzoil Motorcycle Premium Plus 10W-40 Engine Oil
SAE Viscosity grade				10W-40
Density	@15°C	kg/m ³	ASTM D4052	858
Kinematic Viscosity	@100°C	cSt	ASTM D445	14.3
Kinematic Viscosity	@40°C	cSt	ASTM D445	97.7
Flash Point		°C	ASTM D92	230
Pour Point		°C	ASTM D97	-33

These characteristics are typical of current production. Whilst future production will conform to Pennzoil's specification, variations in these characteristics may occur.

Health, Safety & Environment

Health and Safety

This product is unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water.

Guidance on Health and Safety is available on the appropriate Safety Data Sheet, which can be obtained from <https://www.epc.shell.com>

Protect the Environment

Take used oil to an authorised collection point. Do not discharge into drains, soil or water.

Additional Information
